Part IV Translation

China is one of the oldest cultures in the world, from which much that constructs the foundation of the modern world is derived. China is witnessing the fastest development of its economy and experiencing a new industrial revolution. Also, China has started the ambitious program for exploring the outer space, including to complete a space station by 2020. Currently, being one of the largest exporters in the world, China is attracting massive foreign investment. Simultaneously, it has invested billions of dollars overseas. In 2011, China surpassed Japan as the world's second-largest economy.
